

Annaliese bound for Phuket

For anyone making the journey from Europe to Southeast Asia, there's only one way to travel: Aboard the luxurious *Annaliese*. At 85m, this marine mansion is one of the largest luxury yachts specifically built for the charter market.

Boasting 18 staterooms and accommodation for up to 36 guests, this five-star megayacht is magnificent in its opulence. Catering to passengers' every whim, *Annaliese* comes complete with elevator, movie theatre, gym, and his and her saunas and steam rooms.

Liveras Yachts in Monte Carlo has teamed up with Simpson Marine to make the two-year-old *Annaliese* available for charter in Asia. Mr. Andreas D Liveras, chairman of Liveras Yachts, believes Simpson Marine, with their 20-plus years experience in the

region, is ideally suited to provide full-shore assistance.

"With support from Simpson Marine personnel, and their offices in Hong Kong, Singapore, Langkawi and Phuket, the yacht will receive whatever is required, from cruising licenses and fuel to food provisions," said Liveras.

Despite the risks, Liveras has full confidence in the partnership. "This is just as exciting as back in 1986 when I made the decision to send *Albacora*, a 42m motor yacht, to the Caribbean. Everyone in the industry thought I was making a big mistake because of the high winds there. Up to then, only sailing yachts were chartering there. I took the decision to go and I never looked back. The Caribbean opened up to a convoy of visiting yachts.

I believe the same will occur in Southeast Asia."

True to his word, Liveras plans to send *Annaliese's* sister ship, *Alysia*, next year to be based in Langkawi.

Simpson Marine makes it plain sailing for *Annaliese* to cruise from anywhere in the Mediterranean, or you can choose from the Caribbean, Indian Ocean or Southeast Asia.

The weekly charter rate is €661,500, plus expenses. For discerning yachting aficionados looking for the once-in-a-lifetime cruise, *Annaliese* offers the ultimate experience.
